

# College of Engineering The Pennsylvania State University Concurrent Majors Program with Spanish

College of Engineering students who wish to combine their major with Spanish should submit an application for admission to the Concurrent Majors Program after being officially admitted to their College of Engineering major. Students must be admitted to a major in the College of Engineering before their application to this program can be considered. For this concurrent majors program, students must complete the degree requirements for their College of Engineering major and the courses below, for an additional 39 credits. Completion of this program will result in a BS in a College of Engineering major and a BS in Spanish. Students who plan to enroll in this concurrent majors program should consult with their Engineering adviser about the possible use of SPAN courses to meet General Education requirements in the Arts (GA), Humanities (GH), and/or Social and Behavioral Sciences (GS).

## I. SPANISH Prescribed courses (15 credits)

- \_\_\_ **SPAN 100** (3) or **100A\*** (3) – Intermediate Grammar & Composition
- \_\_\_ **SPAN 200** (3) –Intensive grammar & conversation
